OCA YOUTH ROAD RACE #3

POWERED BY

KW CYCLING
ACADEMY

GENERAL INFORMATION

KW Cycling Academy presents youth racing at Delaware Speedway. Delaware Speedway is a flat and smooth facility with many areas to watch the racing action. This is a closed course. The track is a 50+ feet (4 + car lanes) wide loop ideal for bicycle racing.

- All riders will start on the back stretch
- The turns are gradual and safe. There is no elevation change.
- In case of lightning, the race may be delayed or cancelled. If you are informed that the race has been stopped due to lightning, you are advised to seek shelter until the race can resume. If the race is cancelled, refunds will not be made.
- For your safety, if you withdraw from the event for any reason, you must inform the nearest Commissaire that you are no longer racing.
- You are required to wear an approved, regulation cycling helmet at all times while astride your bike, from the moment you arrive at the race until you leave.

YOUTH CUP ROAD RACE (650M PER LAP)

- Road race will run counter-clockwise.
- Race clock may be replaced with 'laps to go' at the Chief Commissaires' discretion.
- All riders will finish on the same lap.
- The winner of the race will be determined by the final sprint.

YOUTH CUP SPRINT TOURNAMENT

Riders will be placed in groups of six riders. Only the top two riders from each heat will move on. Each heat will consist of one lap around the course.

- Warming up on the course is not permitted (Infield Only).
- Any riders from out of province/country are required to have a 2019 International UCI licence to participate.
- An OCA representative will be present at the race to assist with rider licensing issues. Licenses must be purchased in advance. Licence processing and issuing takes between 2-3 weeks. Please order your license ahead of the event, May 1st 2019. **Purchase receipt will not be accepted as a valid license.**
- Races will start promptly at the indicated start times.
- There will not be a team managers meeting.
- There will not be any team vehicles permitted on the course during the event.
- Any rider dropping out of the race shall immediately notify a commissaire.
- Riders who are dropped from the main bunch must proceed at their own risk and should always, when possible, ride on the LEFT side of the track and hold a straight line.
- Awards will be presented according to the published schedule. Top-3 finishers are required to attend award presentations or risk forfeiting their awards. Riders must wear their competition uniforms for the presentation.

ONTARIO CYCLING ASSOCIATION LIGHTNING POLICY (V1) 2016

Local weather should be monitored by the event organizer/club representative and events will not be held during conditions of thunder and lightning, excessively high winds or in the unlikely event of a possible tornado. The Ontario Cycling Association highly recommends that each event have a daily weather update posted in strategic positions throughout the registration and entrance area.

Participants and commissaries will be informed of these policies, and the following policy is posted in multiple areas.

In the event of thunder or lightning the course will be evacuated and shelter found. Thirty minutes must pass from the last clap of thunder or flash of lightning before riders may resume their competition. The next occurrence begins a new 30-minute cycle.

No outdoor activities will be initiated when thunder and/or lightning is present. If thunder and lightning occur once activities have started, utilize the "flash-to-bang" method for determining the distance of lightning. Count the number of seconds between seeing the lightning and hearing the clap of thunder. If the time between "flash to bang" is 30 seconds or less it is time stop the event and seek shelter. A rough rule of thumb is lightning that is closer than 10km poses a risk to participants. The formula is roughly the time between "flash to bang" divided by 3 equals the distance away in KM. For example if the time from flash to bang is 30 seconds then the storm is 10 km away. For example $30 \text{ seconds} / 3 = 10\text{km}$.

The storm's distance and your location will determine when there is a need for evacuation to a safe shelter. A safe shelter is defined as a sturdy building that has metal plumbing or wiring, or both, to electrically ground the structure. A shed or a shack is not a safe shelter.

Stay away from tall or individual trees, lone objects (flagpoles), metal objects, standing pools of water, and open fields. Avoid close contact with others by maintaining a distance of 15-20 feet.

Allow 30 minutes to pass after the last sound of thunder or sight of lightning before resuming any outdoor activities, **INCLUDING WALKING OUTSIDE OF YOUR SHELTER**

The Chief Commissaire in consultation with his partners will be responsible for making decision regarding the stoppage/delay/evacuation due to thunder, lightning or other extreme weather patterns.

SPECIFIC COURSE RULES

- Access to the track is permitted up until 5 minutes before the start of each race. No crossing the track while racing is going on.
- As this is a criterium race, riders will be given free laps for mishaps (e.g. crashes, punctures and being held up behind a crash).

Improperly maintained bicycles resulting in equipment failure is not considered a mishap. Riders suffering mishaps shall head to the designated pit area via any means other than travelling backwards on the course, report to the Commissaire, and make repairs. At the direction of the Commissaire only, riders will be allowed to resume the race at the same location in the pack where they had their mishap.
- The pit will be closed when there is 5 laps left in the race from the perspective of the race leader. No more free laps will be given after this point. The Wheel Pit is located near the Start/Finish.
- There is no outside feeding allowed in this race
- Lapped riders may be pulled at the order of the Commissaires, either after being overtaken or just before being overtaken. Otherwise, lapped riders must remain separate, even when being overtaken by riders in their own group.
- If two or more riders overtake the field and remain there after there is less than 5km left in the race from the perspective of the race leader, the overtaking riders may be sprinted separately from the field. Instructions on this process will be given by the Commissaires.

EQUIPMENT

- The wearing of an approved helmet is mandatory.
- Cycling gloves are strongly recommended.
- The participants are encouraged to ride on a road-racing bicycle however other suitable bicycles may be utilized.
- Aero bars, time trial bikes, or other “aero” equipment are not permitted.
- Disc wheels are not permitted.
- Disc brakes are permitted in all road races within Ontario.
- All equipment must be in good repair, have adequate tires, and operating brakes.
- Warm-up ideally to be completed on trainers.
- Racers be careful during staging and warm-up.
- Traffic will be restricted; gate marshals will be on site

PODIUM PROTOCOL

Ontario Youth Cup Series:

- Podium awards the top 3 finishers in all categories.
- Participants do not have to complete both events to be eligible for awards.

Top-3 finishers are required to attend award presentations or they may be assessed a penalty. Riders must wear their competition uniforms for the presentation. Hats and sunglasses are not allowed on the podium.
